AMNESTY
INTERNATIONAL

AGM 2023

COVID-19 Policy

We would like to remind membership and staff that your safety during the event is a priority. As such we are taking this opportunity to remind everyone who plans to be in Ottawa of the protocols AI Canada has in place to try to minimize the risk of exposure to COVID-19.

AI Canada will continue to adhere to Health Canada and local guidelines related to the pandemic for the period and location where the proposed activity or travel will take place. AI encourages all attendees at the AGM to comply with local regulations and do their part to ensure the safety of themselves and other AGM participants.

This could include:

- Being fully vaccinated and boosted
- Showing a negative COVID-19 test
- Wearing a mask while traveling
- Not traveling if they have any symptoms of COVID, including fever, runny nose, cough, nausea, etc.
- Masks will be optional, and provided, in the meeting spaces.

If you test positive for COVID 19 during the AGM, please isolate immediately and contact **AGM Logistics Coordinator Nancy Cameron** (ncameron@amnesty.ca) or through Whova. She will work with you to coordinate a confidential alert to the attendees you have had contact with, notifying them of exposure. Testing kits and masks will be available at the registration desk throughout the AGM.
